

# REPORT FROM 3<sup>rd</sup> PROJECT MEETING IN BRNO, CZECH REPUBLIC

## FRIDAY 18<sup>th</sup> MARCH 2022

The whole week flew away so fast and suddenly it was Friday. **The topic of today was finishing the travel agency catalogue and presenting our work in English and Spanish in international teams in front of an audience.**

We arrived at school at 7.45 a.m. as every day and from 8.00 a.m. to 10.00 a.m. **we were working in international teams to finish our catalogues**, which we started on Wednesday. Again we worked in the computer room. **We also divided up roles as to who was going to present what and in what language English and Spanish and had to learn it.** We were all nervous, but by 10 o'clock we were ready.

The presentations by teams lasted from 10.00 to 12.30. Despite the nervousness we all made it through

and our friends rewarded us with applause. **After the presentations we received certificates and our foreign guests also received small gifts.**

At 1 p.m. we went together for lunch in the dining room, again for a typical Czech meal of pork, dumplings and cabbage and after lunch it was time to say goodbye.

**The French and Spanish teams were leaving the school**

**by minibus for the airport at 1.45 p.m.** There was a big goodbye and a lot of tears. We made a lot of friends during the week and we didn't want to say goodbye at all.

The Slovenian and Polish team went home with their hosts and left at 6.00 p.m. from the bus station, where they were seen off by the Czech coordinator and the host families.

# REPORT FROM 3<sup>rd</sup> PROJECT MEETING IN BRNO, CZECH REPUBLIC FRIDAY 18<sup>th</sup> MARCH 2022

We all felt that the time had passed too quickly and it couldn't have been a week. Anyway, we made new friends, learned a lot about the work of a travel agent and tour guide and will definitely keep in touch with our

friends in the future.
