

REPORT FROM 3rd PROJECT MEETING IN KAUNAS, LITHUANIA FRIDAY 8th AND SATURDAY 9th APRIL 2022

Friday 8th April 2022

We got up as usual and had breakfast and later we went to **Lietuvos pastas – exhibition**. It was very interesting because we it was about modern architecture and there was a lot of information about Brno and the buildings in

there, because Czechs architects are quite famous for their modernist buildings.

Later we had free time **to explore the local markets**. The markets were very nice and similar to ours. They were selling meat, drinks, sweets, handmade products, fruit and vegetables. There were **really many stalls** all along the main street in two rows and it took time to see all.

Then all the teams went to the training hotel where we all had lunch.

In the city we visited the mayor who gave us a little lecture and also a warm welcome. **Lecture was all about Kaunas and Lithuania** as a whole. We also visited the exhibition **Ex it by Yoko Ono**. It was in a big

bank and it was a bit strange because there were about 50 coffins and the trees growing from them. It was a bit scary.

On Friday afternoon we met at school and there was a farewell party. A folk group from a primary school led by the headmistress performed some **typical Lithuanian singing and dancing in typical Lithuanian costumes**. They played

musical instruments and showed us typical music. They performed their dances themselves but later they tried to teach us the dances, so we tried and dances, it was quite

REPORT FROM 3rd PROJECT MEETING IN KAUNAS, LITHUANIA FRIDAY 8th AND SATURDAY 9th APRIL 2022

difficult, but we learned and had a great time. We were very hot.

They also prepared us some typical Lithuanian sweets, drinks and food, so we tried some of them. We spent there all the afternoon. Finally the project was over and we got our certificates from the headmistress.

We said goodbye to each other and took the bus back to the city centre to our hotels. Some teams were leaving on Saturday but we were leaving on Sunday, because there were no suitable planes for us on Saturday.

Saturday 9th April 2022

We slept late on Saturday because there was no hurry. They prepared us packets for breakfast this time because the training school was closed. So we ate in our rooms. Later we decided to go for a long walk through the city centre, once more

visiting the castle and other parts of the city. We also walked past the stalls of the market again. However, it was still very cold so we decided to have a meal at Mac. Donalds's and then returned to a hotel to have a free afternoon and evening.

On Sunday morning we took a bus to the airport and at 9.00 there was a plane to London Stanstead. After long waiting in the queues we finally check our luggage again and flew to Brno. It was a little stressful because there were a lot of people but we managed and were happy to get home. In Brno we took a bus to the centre and the Lithuanian adventure finished.
