

# REPORT FROM 4<sup>TH</sup> PROJECT MEETING IN BRNO, CZECH REPUBLIC FRIDAY 22<sup>TH</sup> APRIL 2022

On Friday we all met at school at 8.00 and then took a tram to the city centre to take part in **an interactive game** prepared for us by the student of class 8.B and Mr. Zukal. **The aim of the game was to learn many things about Brno, its centre and sites. We divided into international teams.** There were also 2 teams of teachers and we got a map and a list of instructions. We had to visit all the places on the list, do some activities there, take pictures and return to the final place. At each point there were Czech students as organisers who helped us and directed us a bit.

It was a demanding and quite long activity which **took all the morning.** We were running around the places and some were quite far. But it was fun and we enjoyed it a lot.

What we saw: Mahen theatre, Academy of music arts, statue of Cyril and Metoděj, Jošt on the horse, Cathedral of St. Peter and Paul and many more.

When the game finished, the winners were announced and they got small presents. Then Czech students returned to school but the **foreign students and teachers went to visit Brno underground.** First we

watched a video in English about Brno underground and there was a guide who took us below the square and talked to us in English about what we saw.

We saw a lot of cellars, Alchemist's laboratory, underground pub with a lot of medieval recopies how to cook squirrels, torture chambers and so on. Last we returned to school for lunch.

After lunch we got our certificates and then spent a free afternoon with our hosts. The next day was Saturday and we were going for trip to Lednice, so this was our last day at school.
