

REPORT FROM 2nd PROJECT MEETING IN LJUBLJANA, SLOVENIA

WEDNESDAY 20th OCTOBER 2021

Wednesday 20th October

The new day started and everyone came to school at 8 o'clock. Then we picked up our snack and lunch. We had a sandwich, an apple, a croissant and an orange. Around 10 am our us arrived and at 10.15 our group including Czech, French, Spanish and Slovenian people started our trip to **Bled**. What is Bled? Well it is a big lake and above the lake is an old castle. During our journey we stopped in a small town **Radovljica**. We made a sightseeing of the old town. We saw the **highest mountain of Slovenia**. Its name is Triglav and it is 2,864 m high.

Then we visited a **Bee and honey making museum**. We had English guide and she told us about bee history in Slovenia, about bee live, about products people usually use. We could buy

something like lip balm, bee wax or bee honey.

Then we had a snack. Someone had croissant and someone had sandwich. We got on our bus again and continued our journey to Bled. We arrived at around 12.30 p.m. near the **Bled castle**. Our teachers bought tickets and we could go sightseeing of the castle. There was no guide so we went on our own. We watched some videos about the area geography and castle history. It took about 20 minutes and then we start the game. Our big group of 5 nationalities divided to 5 smaller international groups; we got the list of tasks we must complete. Each group had to make around 20 photos on different spots and in different poses. For example one person from group took

a photo and the others made a human pyramid. Or everyone must blow a kiss except for the one who took the photo. We were playing the game mostly around the lake

which is very famous because of **the island in the middle**. On the island there is a beautiful church called **Assumption of Maria Church**.

The game finished at around 3.30 p.m. and then our bus came for us to the lake and we came back to Ljubljana. The way back was long, so the leader decided that we would sing. Each country was singing to the bus microphone. It was fun. We stopped near the biggest shopping centre Aleja. It's been open for only one year. Tose who were

interested, could go everywhere they wanted. There was lot of shops we know and we have in the Czech Republic, but there was also lot of shops we don't know. We had about 1 hour and then had to meet and tell the headteacher if we go home or stay longer. It was amazing. It was a long day so we went home to rest.
